C2B narratives machine learn with gamification of B2B Actor
Networks.

B2B is C2B implementation of Pareto Principle to Product Market
Fit.

Algorithmic composition is for B2B advertising as new function
campaigns for C2B.

%80 of gamification revenue is from %20 of Actor Networks.

C2B access of VR Mobile Gaming, SaaS - Gamification AR
Marketplace AI is for B2B AR benefits. C2B enters search of
GamifiedApp. User options are for conditions that connect self-
brand-overlaps as an electronic world trade platform of
gamifiable.com.

"Value propositions lie deep within complex data." -E.C.McCready

In the search bar answer: "What's your thing?"

"If the user is having a problem, it's our problem." -Steve Jobs
